

## SINGLE-ENGINE HELICOPTERS TYPE RATINGS

### PRIVILEGES

Ratings per type allow you to fly helicopters that are different from the one used for the PPL or CPL at school. The course must be repeated to renewal type ratings that have expired for more than 3 years.

### PRE-REQUISITES

Anyone with a PPL or CPL is allowed to get ratings for different types of helicopters.

### THEORETICAL COURSE

The theoretical course is organized by Italfly Academy depending on the requests for a minimum of 4 students. It lasts 16/20 hours, depending on the type of helicopter and ends with an internal exam.

### PRACTICAL COURSE

The planning office of Italfly Academy organizes the appointments with the instructors for booking the flight hours on request. EC120 and AS350 helicopters are not part of Italfly Academy air fleet and are rented depending on the need. In order to be fully transparent, we suggest a direct contact between student and supplier.

This course includes a minimum of 5 flight hours with instructor and the final exam will be 1 hour check with an internal TRE, as required in European regulation.

### COSTS OF THE TRAINING PATHS
